Concerned Men and Women Dedicated to Gentle Use of California Trails and Backcountry

PRESIDENT'S MESSAGE

Well the year is off to a great start. We have had some outstanding events in the first 2 months. We had two **Breakfast Rides** held at the San Joaquin River Gorge sponsored by Ted Fischer and Randy Witt. **Dave Stamey** performed to a sold out event sponsored by our unit. Dave said he will come back next year, so keep your eyes open for the date.

Ted Fischer held an **Officers/Directors Training** at Yosemite Falls Restaurant in which we had participants from several BCHC Units. Our new members Jim and Doug Labor opened up their family site out of Tehachapi for our first **Desert Ride**. It looks like it will become an annual event. John and Jan Mikkelson put on their annual **Shoot Your Heart Out** event at the Range. It was a great event enjoyed by all.

Our first general meeting of the year we had a great presentation from Greg Waters on the use of Ham/ Amateur Radio during equine events. We hope to keep having presenters at our general meetings. I want to thank everyone that has been involved in all of these activities. We are looking forward to many more great events coming up and hope to see all of you on the trails.

Communications is vital. I would like to make sure that all of you are aware of the activities of the unit. So, if we don't have your email it would be greatly appreciated if you would send it to us so we can keep you in the loop.

As you know we are in charge of Big Meadow Horse camp and we supply the camp host. If you would like to be a camp host please contact Jim Knabke , jjknabke@comcast.net. There has been some changes made at the camp and we will make you aware of them at a later date.

Please check out the web site bchcsjsu.org for all updates on the unit and activities. Hope to see you on the trail.
Remember, He who procrastinates is a murder of time-SADDLE UP!

BACKCOUNTRY COOKS

Trail Pancakes

1 Cup Biscuit mix
1T dry milk
1T sugar
2/3 cup water
T Squeeze margarine

Note: Instead of squeeze margarine, you may substitute vegetable oil. If you do, keep 1 T of oil in a separate container and pour onto pan before cooking pancakes.

At home: add mix, milk and sugar into a quart size zip lock bag. Seal and shake well.

On the trail: Add water and margarine to bag, seal and squish bag with hands to mix and remove air and lumps. Cut hole in the corner of the bag and squeeze onto a hot pan. Cook until bubbles form, flip, and cook till they are golden brown!

Makes approx.. 6 pancakes

Attention 18-25 year olds BCHC Packing Intern Scholarship

AMAZING Internship Opportunity within the Forest Service! Work with Michael Morse and Lee Roeser at the Inyo National Forest Pack Stock Center of Excellence.

Timeframe: June - August 2018 (flexible)

Duties will include assisting Forest Service packers while packing in supplies & equipment for trail crews throughout the Sierras. May lead to possible employment with Forest Service.

**Contact Dennis Serpa for an application: dmserpa@velociter.net 209-531-5175
Hurry, applications are due April 29, 2018**

BCHCFS Intern Goal

The various units of the Backcountry Horsemen of California have contributed financially to support this Internship with the Forest Service. Forest Service Packers from the PackStockCenter of Excellence, Michael Morse and Lee Roeser, will be mentoring this Intern in stockmanagement, packing, trail work, equipment, and Leave No Trace principles. In addition to the goals they have set for the Intern to achieve through this program, BCHC has also developed goals we expect the Intern to accomplish.

Goals of the FSBCHC Internship Program:

- ☐ That the Intern will develop the skills and knowledge to help perpetuate the common sense use of horses in America's backcountry and wilderness.
- ☐ That the Intern will develop the skills and knowledge to help work to ensure that public lands remain open to recreational stock use; whether as an employee of the agencies, or as a private citizen.
- ☐ That the Intern will learn the proper use of a crosscut saw, as well as other trail maintenance tools.
- ☐ That the Intern will learn/develop the skill of packing; being able to pack various items, using the most efficient hitch for the job.
- ☐ That the Intern will develop the skills and knowledge in order to educate and encourage the wise use of backcountry resources by all visitors of public lands.
- ☐ That the Intern develop an understanding of the historical aspect of pack stock use in the back country and wilderness areas as a means for transportation, trail development, and other functions.
- ☐ That the Intern will develop a thorough understanding and appreciation of the principles of LNT, and will be able to lead by example on how to pack stock into the backcountry with minimal impact to the resource.
- ☐ The program will help to continue our relationship-building efforts with the Forest Service

Valentine's Day Shoot Your Heart Out

February 10th, 2018, we had the annual **Valentine's Day Shoot Your Heart Out**. Lots of 'shooters' showed up and were able to practice with their weapon, and/or try one of the Pistol Club and Range guns. They heard about the latest updates in laws and Concealed Weapon Permit requirements. Unit member **John Mikkelson** led the discussion, and there were stimulating debates regarding all topics. Gun safety requirements were stressed and everyone practiced with great skills and appropriate protective gear.

As usual there was good food to eat and fun people to visit with when not in the shooting range. **Katie Horst, Debbie Davis, Bill Chilson, JC and Peter Parkin, Kristi Parkin and her crew, Dustin and Jocelyn, Carol and Joe Kaminski, Jim and Debbie Dixon, Greg and Wanda Caradonna, Alan Fry and Dianne Williamson**, and myself were present. Everyone enjoyed honing their skills, and even had the opportunity to shoot an AR15.

Thanks to those who made this a successful and fun event and for helping out as well.

Jan Mikkelson

**CLOVIS RODEO PRACTICE AND
DESENSITIZATION CLINIC**
April 7, 2018 10:00 am

Hi Members!

It is time to think about the Clovis Rodeo Parade and the Desensitization Clinic coming up in April!

April 7th will be the Annual San Joaquin-Sierra Desensitization Clinic at the awesome Silver Rose Ranch. It will begin at 10:00 with lunch served by the Fresno County Sheriff's Posse Search and Rescue Team. **They will be serving Hot Dogs, chili and our unit will provide the chips. Please bring your own drinks.**

Members who plan on riding in this year's parade may want to participate in the practice and get ready for the noise and excitement. Non-parade participants please come and enjoy the 'mayhem' and 'fun and expose your horses to 'interesting' obstacles. Members from ANY Backcountry Horsemen unit may ride in the parade and attend the clinic. All those under 18 must wear a helmet.

As a reminder to those of you planning on riding in the parade, April 28th is parade day. We always wear our 'working cowboy' attire with matching burgundy or light blue denim-type shirts, blue jeans, light colored cowboy hats, or helmets if preferred, and a BCHC scarf that features our logo. We provide our matching horse blankets to wear under your saddle. PLEASE let me know if anyone may need a shirt or scarf as soon as possible, since ordering deadlines apply. I would also like to get a head count as to approximately how many riders will be in the parade and at the practice. Our unit always looks awesome and we place either first or second in the 'working cowboy' parade category every year! Not that this is a competition, it's just fun to know we look great!

What is the difference between GVW, GVWR, GCVWR, and GW?

GVW (Gross Vehicle Weight) and GW (Gross Weight) are interchangeable terms meaning the actual weight of the vehicle trailer and its complete load. This weight can be determined by loading the horses, tack, feed, and hay etc. into the fully equipped trailer (mats, spare tire, etc.) and taking it to a truck scale to have it weighed. Most gravel yards or truck stops have truck scales.

GVWR (Gross Vehicle Weigh Rating) is the value specified by the manufacturer as the recommended maximum loaded weight of a single vehicle. For a trailer this value is determined by the axle capacity and the coupler capacity. For example, a trailer will be rated at 5000 lbs. GVWR by the manufacturer if it has two 2500 lb. Axles and a 2 inch ball coupler that is rated 5000 lbs. Loading the trailer to excess of the GVWR is not only unsafe, but is illegal.

GCVWR (gross Combined Vehicle Weight Rating) is the value specified by the manufacturer as the recommended maximum loaded weight of a combination of vehicles. (The GVWR of the tow vehicle plus the GVWR of the trailer) In the absence of a value specified by the manufacturer, GCVWR will be determined by adding the GVWR of the power unit and the total weight of the towed unit and any load thereon. Religious Cowboy: The devout cowboy lost his favorite Bible while he was mending fences out on the range. Three weeks later, a horse walked up to him carrying the Bible in its mouth. The cowboy couldn't believe his eyes. He took the precious book out of the horse's mouth, raised his eyes heavenward and exclaimed, "It's a miracle?"

"Not really," said the horse." Your name is written inside the cover."
