BACKCOUNTRY HORSEMEN

OF CALIFORNIA

Concerned Men and Women Dedicated to Gentle Use of California Trails and Backcountry

Presidents Message

I would like to start off this new year by saying a BIG THANKYOU to each member of the San Joaquin Sierra Unit. It is truly a privilege to have you part of this unit. You could easily be part of another unit or

choose not to even be a member of any unit. There is not only strength in numbers, but your participation helps in bringing in new ideas. We hope to have different events throughout the year, hopefully one or more will appeal to you.

This year we are planning a couple of fun days with challenges for your stock. There are also rides planned for different places, some trailer (front country) and some back country. We are also planning work parties for Big Meadows, Shaver Lake, Edison, and somewhere out of Wishon.

Another Big Thankyou goes out to Wanda Caradona for her many years of service helping with Shaver Camp and taking care of tracking our hours to turn in to forest service and BCHC. With her stepping down, we are currently looking for someone to fill the position of tracking hours. If interested please let me or another board member know.

We are still looking for a historian for our unit. Also if you have a favorite place to ride and would like to host a ride, we would be glad to help with the particulars.

Remember to stay in the saddle, the ground is hard,

Joe Kaminski
President

DESERT RIDE AT STARLIGHT RANCH NE OF ROSAMOND CA

February 15-18, 2019

We normally go into town (Rosamond 1/2 hr away) Friday night for dinner at our favorite Mexican restaurant. There is an Albertsons, convenience stores and gas stations there. A Simple Breakfast to be provided at 9:00am Saturday and Sunday. Potluck Dinner Saturday, we will provide pulled pork or deep pit beef. We need RSVP by February 12th. Need to bring water and anything else you want to drink. Some beds available but need to secure with us. Bed rolls tents and whatever is needed for general camping. Terrain is simple to difficult depending on trail with all trails being packed to loose desert soils that are easy on the hoofs. Coyotes and Jack rabbits mice and desert rats for local animals. There are snakes but I have never seen one and we have done a lot of cross country out there. Most of the trails/roads are a gradual climb but depends on what you want to do. There is one that goes up to the PCT but would be a long ride. Clean up needs to be done behind horses and distribute outside fence. Take out all other that you bring in. There is a new outhouse on the property and a flush toilet in the house. May want to bring your own toiletries to be safe.

The gate at the ranch will be open at noon on the 15th and property will be cleared and gate closed by 3pm Sunday the 18th.

Directions: Starlight Ranch is already tagged on google maps if you use that. The map shows traveling on what is called Aqueduct RD but you want to go 30' further on Backus Rd to what we call Upper Aqueduct RD where you will see a large Rock painted with a Smiley Face. Although the lower road can be used to get there, there are more obstacles and a large dip that larger trailers may have issues with.

Take CA Hwy 99 south to CA Hwy 58 East out of Bakersfield to Tehachapi about 43 miles. Exit at Tehachapi Blvd and go Right on Tehachapi Blvd. Loves Truck Stop will be on your Right. Continue on Tehachapi Blvd for 1 mile and go Right on Willow Springs Road and follow for 16.0 miles where you will turn Right on Backus RD. Backus RD is paved for about 1.2 miles When you come to the end of the pavement you will see an ext road that you will proceed on. The rest of the trip is on dirt roads. You will continue on Dirt Backus RD over a short bridge and on to Upper Aqueduct RD. You will see a large rock painted with a Smiley Face. Turn left and continue on Upper Aqueduct RD for 3.6 miles to 140th St. There will be a curved dirt road leading to the right onto 140th St and most will want to take that. You will see a sign on your left that says Starlight Ranch. Go left before the sign and drive straight back about 100 feet and through the

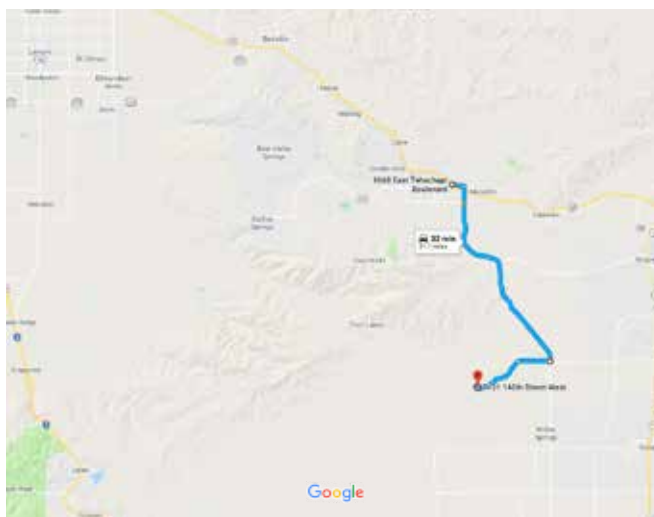

gate to the ranch. You will need to bring water for overnight stays. The ranch is cyclone fenced but horses/stock will need to be tied up. There are just 3-4 highline areas first come first serve. There are some bed opportunities in the house and out buildings on the property but please call to claim. Jim and Doug Laber will be hosting the ride at the Starlight Ranch which is owned by Family. We will have a generator there that gives us lights in the house in the evenings. There is a large patio and fire pit for gatherings. Firewood if you have it will help and we will be bringing some out with us. It can get very cold and or very windy at the ranch so be prepared for that. We will have pointer signs leading the way off road.

DUTCH OVEN CHICKEN AND SAUSAGE

This Dutch Oven Chicken and Sausage is so easy and yummy.

INGREDIENTS:

2-3 Lbs chicken

1 Lb. pork roast cut into serving sizes (optional)

2-3 packages smoked sausage sliced about 1" thick (the kind in horseshoe shaped package)

1 BIG bottle BBQ sauce enough to cover the meat completely

INSTRUCTIONS:

For starters you will need: 1 big bag of charcoal briquettes, lighter fluid, seasoned cast-iron Dutch oven(s) (12"), Dutch oven lid-lifter (and some THICK hot pads) to lift the lid off

Spray the charcoals with some lighter fluid, throw in a match and wait until all of the charcoals turn light gray. When ready, spread the coals out flat and place the Dutch oven over the top. It will heat up pretty fast.

Add the chicken (and optional pork) to the hot Dutch oven. Place the lid over the top and check occasionally. When the chicken is white and cooked through (DO NOT OVERCOOK), drain ALL the water from the oven and add the sausage and BBQ sauce (add enough to completely drench the meat) Cook another 10-15 minutes, covered. Remove from heat, serve, and enjoy!

The Lighter Side

Two good ol' boys bought a couple of horses that they used to make some money during the summer. But when winter came, they found it cost too much to board them. So they turned the horses loose in a pasture where there was plenty to eat. 'How will we tell yours from mine when we pick them up?' one of them asked the other. 'Easy,' replied the other. 'We'll cut the mane off mine and the tail off yours.' By spring, the mane and tail had grown back to normal length. 'Now what are we going to do?' asked the first. 'Why don't you just take the black one?' said the second. 'And I'll take the white one.'

DAVE STAMEY CONCERT

Ted Fischer Memorial Dave Stamey Dessert Concert was a great success. Dave packed the house and gave us a great evening of entertainment. In checking the audience we found out that around 8 people that were in attendance had never seen Dave. I am sure they will be back again. Dave Stamey has been a cowboy, a mule packer, a dude wrangler, and is now one of the most popular Western entertainers working today. He has been voted seven times Entertainer of the Year, seven times Male Performer of the Year and Five times Songwriter of the Year by the Western Music Association, and received the Will Rogers Award from the Academy of Western Artists. He's delighted audiences in twenty three states, and finds that he prefers this to being stomped by angry horses.

In November of 2016 Dave was inducted into the Western Music Hall of Fame.

aWe limit the audience to 100 people so it is a comfortable and relaxing atmosphere. As always Dave sells his great Cd's during the break while we serve fantastic desserts from Hewitt's Catering. It is always a great evening and people have an opportunity to visit and tell each other about their adventures. As Dave mentioned it is going to be an annual event. We have him scheduled for February 8, 2020. Thanks to Gary Van Sickle and Pat Peverill for helping in setting up and managing the door. Keep an eye on our web page to see when the tickets for next years event goes on sale. Thanks to every one that attended. Would appreciate any feed back on the event. Send to wpeverill@sebastiancorp.net. Hope to see you at other events.

*This handbook is available in its entirety at:
<http://bchcsjsu.org/uploads/3/4/7/0/34706757/handbook.pdf>
We will be publishing pages from this handbook in sections over the next few months.*

During the summer and early fall seasons the possibility of wild fire is high. One should stop in a safe place to smoke rather than smoking while hiking or riding horseback and make sure that ashes and cigarettes are dead-out. Thoroughness must be exercised when extinguishing campfires. Water alone without mixing will produce a crust over the coals and fire will continue to smolder. When extinguishing a camp fire, douse with water, mix, re-douse with water and mix the coals and water thoroughly. Then feel it.

SUMMATION

As horsemen and environmentalists we cannot allow our resources to suffer the consequences of neglect, either by an administrating agency or by an uninformed public. Our desire to reduce adverse impact while continuing maximum enjoyment leaves no room for apathy or indifference.

This guidebook in itself is a major effort to help reduce adverse impact and to bring about a better understanding between the different use groups. An awareness of the problems and practical solutions to the majority of them will reduce damage on the back country trip. The basis for a better understanding between different use groups is also contained within these pages. There are many conclusions that can be drawn by any agency administrating a back country resource on practical methods of handling horses. The message in this booklet can only be effective if the individual recognizes his or her obligations to the environment and uses the abilities at his command to protect it.

Horse owners or not, we invite you to become a member of our organization. The only requirement for membership is that you believe in the goals set forth in our PURPOSE. We are a family oriented organization and have members ranging in age from youngsters to ??

We hope that your next trip into "The Back Country" will be more enjoyable and have less impact through reading this booklet. Leave only your hoof prints in the mountains and return with only your memories - they are the ultimate reward as they can be relived countless times.

APPENDIX

WHOA, HORSEMEN!

Do you want to keep public lands and trails open for horse use in years to come? It's up to you! **Back Country Horsemen of America** was formed with a three-fold purpose: to volunteer service in the backcountry, to educate horsemen on minimum impact horse handling, and to get involved in land use planning.

LEAVE NO TRACE -Horses (mules, burros, and llamas too)

Take only the minimum number of animals needed.

During short stops, tie horses to trees at least 8 inches in diameter.

For long periods, tie horses to high line stretched between two sturdy trees.

If you picket horses, move them often.

Keep tied, picketed, and hobbled horses well away from camp and from lakes and streams. Tie, picket, or hobble horses only in dry areas to minimize trampling damage.
