Presidents Message

Thanks to all who continue to support our unit. If you are unaware our unit is reponsible for three campgrounds in the Sierras. The Shaver camp, Chamberlain camp, and Big Meadows. The Shaver camp is for members and associate members only located off Dinkey road in Shaver Lake. The Chamberlain camp is located out of Courtwright lake about an hour ride from Maxon Meadow trailhead. We have adopted this camp from Sierra forest which is open to the

public. Big Meadows camp is our most poplar camp featuring 16 corrals, outhouse, tables, fire rings, and host on site. Big Meadows is also the most costly, but thanks to donations and corporate donors the camp remains open to all and at no charge.

We have two events planned for Nov. The first is a ride out of Tehachapi Nov. 6-8, and a playday at Steve Naylon's on Nov. 14. The playday is also an election so please come out and vote even if you don't ride. Lunch will be provided with the election following.

Also in this newsletter we have included a list of those running for office. At this time we are short two directors. If interested in a director, or any position or if you know of someone who would be willing to run please let me or any board member know.

Thanks to all who continue to participate and those of you who continue to be part of our unit.

Don't forget if you would like to sponser a ride we would be glad to have your input.

Remember to stay in the saddle, the ground is hard,

Joe Kaminski President

DESERT RIDE AT STARLIGHT RANCH NE OF ROSAMOND CA

November 6-8, 2020

We normally go into town (Rosamond 1/2 hr away) Friday night for dinner at our favorite Mexican restaurant. There is an Albertsons, convenience stores and gas stations there. A Breakfast to be provided at 9:00am Saturday and Sunday. Potluck Dinner Saturday, we will provide pulled pork or deep pit beef. We need RSVP by November 4th. Need to bring water for you and your horse and anything else they want to drink. Some beds available but need to secure with us. Bed rolls tents and whatever is needed for general camping. Terrain is simple to difficult depending on trail with all trails being packed to loose desert soils that are easy on the hoofs. Coyotes and Jack rabbits mice and desert rats for local animals. There are snakes but I have never seen one and we have done a lot of cross country out there. Most of the trails/roads are a gradual climb but depends on what you want to do. There is one that goes up to the PCT but would be a long ride. Clean up needs to be done behind horses and distribute outside fence. Take out all other that you bring in. There is a outhouse on the property and a flush toilet in the house. May want to bring your own toiletries to be safe.

The gate at the ranch will be open at noon on the 6th and property will be cleared and gate closed by 2pm Sunday the 8th.

Directions: Starlight Ranch is already tagged on google maps if you use that. The map shows traveling on what is called Aqueduct RD but you want to go 30' further on Backus

Rd to what we call Upper Aqueduct RD where you will see a large Rock painted with a Smiley Face. Although the lower road can be used to get there, there are more obstacles and a large dip that larger trailers may have issues with.

Take CA Hwy 99 south to CA Hwy 58 East out of Bakersfield to Tehachapi about 43 miles. Exit at Tehachapi Blvd and go Right on Tehachapi Blvd. Loves Truck Stop will be on your Right. Continue on Tehachapi Blvd for 1 mile and go Right on Willow Springs Road and follow for 16.0 miles where you will turn Right on Backus RD. Backus RD is paved for about 1.2 miles When you come to the end of the pavement you will see a dirt road to the right that you will proceed on. The rest of the trip is on dirt roads. You will continue on Dirt Backus RD over a short bridge and on to Upper Aqueduct RD. You will see a large rock painted with a Smiley Face. Turn left and continue on Upper Aqueduct RD for 3.6 miles to 140th St. There will be a curved dirt road leading to the right onto 140th St and most will want to take that. You will see a sign on your left that says Starlight Ranch. Go left before the sign and drive straight back about 100 feet and through the gate to the ranch. You will need to bring water for overnight stays. The ranch is cyclone fenced but horses/stock will need to be tied up. There are just 3-4 highline areas first come first serve. There are some bed opportunities in the house and out buildings on the property but please call to claim. Jim and Doug Laber will be hosting the ride at the Starlight Ranch which is owned by Family. We will have a generator there that gives us lights in the house in the evenings. There is a large patio and fire pit for gatherings. Firewood if you have it will help and we will be bringing some out with us. It can get very cold and or very windy at the ranch so be prepared for that. Hope to see you there!

Dutch Oven Banana Bread

Want to enjoy freshly baked banana bread on your next camping trip? All you need is a Dutch oven! Imagine enjoying a warm slice of banana bread with a mug of campfire coffee. What could be better?!

INGREDIENTS:

- 1 ½ cups flour
- 1 cup brown sugar
- 2 teaspoons cinnamon
- 1 teaspoon baking soda

- Pinch of salt
- 4 ripe bananas
- ½ cup softened butter
- 1 egg, beaten
- 1 tablespoon bourbon, optional

INSTRUCTIONS:

- 1. At home (or in camp) whisk together the flour, brown sugar, cinnamon, baking soda, and salt. Set aside.
- 2. Prepare a campfire or a bed of about 20 coals.
- 3. Place the bananas in a medium/large bowl and smash with a fork until fairly smooth. Add the butter, egg, and bourbon and stir until combined.
- 4. Add the dry mixture, stirring until it's completely incorporated with the wet ingredients.
- 5. Line your Dutch oven with a sheet of parchment paper. This will help prevent the bread from sticking to the pot.
- 6. Pour the batter into the Dutch oven and cover with the lid. Make a ring of 5 coals and place the Dutch oven on top. Place the remaining 15 coals on the lid.
- 7. Bake for about 30 minutes.
- 8. Remove from the heat and carefully lift the bread out of the oven.
- 9. Cool for a few minutes, then slice and enjoy!

More than anything, a young man from Britain wanted to be a cowboy. He went to New Mexico in the US and eventually found a rancher who took pity on him and gave the lad a chance.

"This," said the rancher, showing him a rope, "is a lariat. We use it to catch cows."

"I see," said the young man, trying to seem knowledgeable as he examined the lariat.— "And what do you use for bait?"

Big Meadows Late Season Ride October 9-11

Jim Laber

The weekend was proceeded by a trip up to Big Meadows Horse Camp to bring the water tanks and hosting supplies back down to the valley for the winter. Joe & Carol with two of their grandchildren and Doug and I drove up in separate vehicles to bring back all of our unit's water storage tanks, wheel barrows, and restroom supplies. The camp had been closed along with our local forests in consideration for all the fires going on in our local forests. Although open now there will be no hosting and there are fire restrictions, no campfire, barbeques, or camp stoves.

With all the closures and cancelled rides, we were biting at the bit to get some riding in and decided to go back up for the weekend October 9th through the 11th anyway. We went up Friday and had camp to ourselves all weekend. We finally rode the Mount Baldy trail riding out of camp and over to the trail head. They have done a lot of road repair and there were delays as they were sealing the new asphalt and painting new stripes on our trip with Joe & Carol and our trip up Friday. Although we have never had an issue on asphalt, fresh sealer was a challenge as even our barefoot horses were slipping on the fresh sealer. We rode all the way up to Mount Baldy Saturday taking stock of the conditions on the trail where we found 3 sections of the trail with deadfall blocking the trail. There were a good number of day hikers on the trail is we rode up. There are awesome views from Mount Baldy when you get there but it was obscured a bit with the haze of smoke from the fires. On the way back down, we stopped to clear the trail which required rolling off some 15-18" logs about 6 feet long in two of the areas and brushing the trail out. One area we used our silky saw to cut off a 6" by 6' section of a tree that had fallen across the trail. All in all, a good ride and Mount Baldy is now off the bucket list.

Sunday, we went for a ride around the perimeter of the meadows in front of horse camp. Not safely accessible most of the season because of water and all the bogs the meadows were very dry except for a few watering holes and gave us no issues. We rode for about 4 hours and found there to be quite a few cabins around the perimeter of the meadows that until now we never knew existed. Although we encountered cattle on the side of the road on our drive up to camp it appears all the cattle in Big Meadows have been rounded up for the season. Although Big Meadows is still open as soon as it snows they will probably be closing the gates. There were plenty of campers dispersed camping the whole weekend but we did not encounter anyone else in camp or on the trail riding. If you go up you will need water for your stock as the creek is dried up, and some creative ways to warm your food as I am sure the fire and cooking restrictions will apply for the remaining time camp is open.

A COMMON SENSE GUIDE FOR A

Safe And Enjoyable Trail Ride

SAFETY is PRIORITY

STAGING AREA

- Be on time and park considerately. Latecomers hold up everyone else.
- Tack up, bring halter with lead rope, water, lunch, jacket, or whatever else you need.
- Clean up manure, hay or litter in staging or camping area.
- Use ribbons to denote special situations: red ribbon if your stock tends to kick, green ribbon to signify a novice stock or rider, and a blue ribbon should be used to denote a stallion.
- Use of helmets is a personal choice of the rider.

WHILE ON A TRAIL

- Trail boss is the boss. If you are riding in any way which the trail boss feels poses a danger to other riders, you will be asked to modify your behavior or leave the ride.
- Stay behind the trail leader (usually but not always the trail boss) and in front of the designated drag rider. If you are having problems call out for a stop.
- The use of a helmet is a personal safety choice of the rider.
- When mounting to ride, keep your horse still until everyone is mounted.
- You must have permission from the trail boss before bringing a dog or a stallion.
- Most Group rides are <u>walk only</u>, an exception would be bees, etc... but as needed, rides will be divided into the 'Slow Group' which <u>walks</u> only and the 'Fast Group' which includes <u>gaited and endurance</u> type horses. Ride in the group that fits your horse's type and conditioning.
- Please don't crowd the horse in front of you. Try to leave a horse length of open space between horses, even at stops. Be sure to ask riders in front and back of you about their animal's comfort level.
- Call back trail obstacles and/or low branches to riders behind you.
- Leave gates as you find them. When a rider dismounts to open a gate, at least a portion of the other riders wait until he/she has remounted before leaving.

- Crossing water, the first horses are allowed to drink, then move up the trail, stop! Allow more horses to drink. The group does not leave until all have watered.
- In difficult or steep terrain, allow more space and keep moving. If you need to stop for any reason, wait until the trail leader finds a suitable place where all can safely stop.
- Be courteous and friendly to other trail users. While passing

 safety for all parties is the priority. Greet other users to
 initiate a conversation so the animals can identify a nonthreatening situation. If possible, a hiker should step to the
 downhill side. This provides a safer passing for both hiker
 and stock.
- Stay on the trail; obey agency rules; respect private property.
- When riding along a road, ride with the traffic. When crossing roads, cross abreast rather than single file, post riders in front and post riders behind the group to alert traffic.
- Riding side by side is permissible when passing in the same or opposite direction, if the trail is wide enough, and all trail rules are observed.
- No smoking allowed on trails.

TIPS FOR BREAKS OR LUNCH STOPS

- Water your stock during breaks or stops. Be cautious as to the amount of water given because some animals that are overheated can ty-up. Animals, while working, need as much as they will drink.
- ♦ Smoking is allowed during breaks in a safe area.
- ♦ Tie your horse safely. Loosen the cinch slightly during a long break. Do a safety check before remounting.
- When tying your horse, be sure there is ample room for other users to pass safely by your stock. Be sure you are not blocking the trail.
- If there is no garbage can, pack your trash out.
- Alcohol use can make riding dangerous, use discretion.
- The drag rider needs to remove trail flagging at the end of ride.

Objectives & Purpose of the Backcountry Horseman of California From the BCHC Bylaws

- To improve and promote the use, care and development of California backcountry trails, campsites, streams and meadows; to advocate good trail manners.
- To promote the conservation and utilization of our backcountry resources in concert with livestock transportation.
- To keep the backcountry trails and forage areas open to horseman on all public lands.
- To keep current information before the Corporation membership and its local Units regarding new legis-lation or management plans related to government regulations of the backcountry.
- To support or oppose new proposals, plans and restrictions as related to the interest of horsemen and those persons interested in recreational stock use and enjoying the backcountry.
- To promote the interest of people who, due to health or physical factors, need transportation other than by foot on backcountry trails.
- To promote public awareness and interest in the historical aspect of horsemen and stock in the back-country and to help educate backcountry users on the ways to use the trail and foraged in a manner that conserves the backcountry resources.
- To assist in keeping the public informed of the vital need for a clean backcountry.
- To promote a working relationship with and keep the work and interests of the Corporation before our local, state and federal officials.
- To assist in the formation and continuation of local Units to carry out these purposes.
