## Presidents Message

The weather is starting to break and once again saddle time. What beautiful weather we had this weekend for the mule clinic with Jo-Dee Collins. A great time was had by all.

Be sure to mark your calendars for May 16 for what should be another great general meeting. Ruth has secured Bailey Mello our intern for last summer. She has some fantastic pictures and stories to match. Hope to see you there.

Our calendar is available both on our website and in our newsletter. Keep an eye on the calendar and hope to see you at one of the events. Thanks to all who continue to participate and those of you who continue to be part of our unit. Don't forget, if you would like to sponsor a ride we would be glad to have your input.

Big Meadows will open late this year, but there are still a couple of openings for host. If interested check with Jim Knabke for dates.

Remember to stay in the saddle. The ground is hard.

Joe Kaminski  
President

## **CRUSTY DUTCH OVEN BREAD**

*An easy, no knead recipe for flawless artisan-style bread baked in a classic dutch oven.*

### **INGREDIENTS:**

- 3 cups all purpose flour
- 1 tsp salt
- 1/2 tsp yeast
- 1 1/2 cups warm water

### **INSTRUCTIONS:**

1. In a large mixing bowl, add all of the ingredients- stirring until evenly combined.
2. Cover the bowl with a lid, or seal with plastic wrap. Set aside, at room temperature, for at least 8 hours but up to 24.
3. Transfer the dough to a floured surface, such as counter top or cutting board, and form into a ball. Let the dough ball rest for 30 minutes.
4. While the dough's resting, place a covered dutch oven into the oven, set to 450 degrees, and let it preheat.
5. Using a sharp knife slice an 'x' into the top of the bread. You can also use kitchen shears to cut an 'x', or skip the step completely.
6. Carefully transfer the dough to the preheated dutch oven. Return the lid, and bake for 30 minutes. Remove the lid, and continue baking another 10-15 minutes, or until the loaf's golden brown.
7. Remove from the oven, and let the loaf cool before slicing and serving warm.

# JO DE COLLINS CLINIC

By: Duane Peverill

A great time and a very informative clinic by Jo De Collins was enjoyed by 7 of our members: Joe and Carol Kaminski, Duane and Patricia Peverill, Dan Baumgarten, Bob Herrick and Loni Langdon. The clinic was held at a ranch in Visalia, California. We were hosted by Pattie W who made everyone feel extremely welcome. We arrived Friday night and a large group went to dinner in Visalia. It was a very enjoyable evening. Saturday morning started with everyone stating what their problems were with their riding mount. The clinic was limited to 10 participants. After everyone addressed their issues, Jo De went through each problem with the group. It was very eye opening. Even if you didn't have that particular problem you still learned a lot. Sometimes we don't realize a problem until you have seen it addressed. After a morning of working on issues we stopped for lunch which was prepared by Joe and Carol. We was great Tri Tip sandwiches with all the condiments. After lunch we mounted back up and continued with the lessons. At end of the day session we took a trail ride out through the orchards. It was a nice way to end the day. Three of us spent the night and the others headed home. Sunday we were all back in the saddle by 9:00 and Jo De worked with each person individually with their issues. Again you can always learn something. Each participant exchanged ideas and how they addressed their issue. Jo De really expressed that as a rider you really need to know yourself and the equine limit. To many times we forget and that is when an accident happens. We broke for a late lunch in which we had Tacos. It was getting hot and many had some distance to travel to get home. Jo De had to return to Placerville which is a good 6 hour drive. Everyone walked away from the clinic with a new understanding of issues that all equines can have. We all need to keep in mind that when riding with a group we need to know the limits of all the riders abilities so we all have a safe and enjoyable ride. Hope to see you on the trails. Remember to follow us on our Facebook page and our website [bchcsjsu.org](http://bchcsjsu.org). Pictures will be posted.

BACKCOUNTRY HORSEMEN OF CALIFORNIA

# EQUINE FIRST AID

## WHAT TO HAVE AND HOW TO USE IT

### PLAN AND PREPARE

Depending on where you are riding or packing, in the event of an equine emergency, it may take several hours or longer for your stock to be treated by a veterinarian. You should plan and prepare to be on your own in caring for your injured stock for several hours or longer.

If you are traveling away from home, create and take with you a list of several local large animal veterinary hospitals that could treat your stock, in the event of a medical emergency. Include the hospital name, address, phone numbers and directions (if you do not have GPS).

Prepare a complete equine first aid kit for your trailer or packing, and a smaller one to take on the trail in your saddlebags. You will need the supplies necessary to stabilize your stock in the event of an emergency, until a veterinarian is available to take over your animal's care.

### EQUINE FIRST AID

- Trail Kit
- Betadine solution
- Betadine scrub
- Electrolytes
- Neosporin
- Nolvasan
- Saline solution
- \*Ace (acetylpromazine)
- \*Banamine
- \*Bute (phenylbutazone)
- \*Dex (dexamethasone)
- Hydrogen peroxide
- Topical eye ointment
- Emergency blanket
- Paper and waterproof
- Flashlight/light sticks
- Stethoscope
- Bandage scissors
- Standing wraps
- Rolls of sheet cotton
- Easy Boot
- Vetwrap or Elastikon
- Hoof pick
- Duct tape
- Sharp knife
- Sterile gauze pads (4" x 4")
- Gauze rolls
- Latex gloves
- Cell phone (realize it quite possibly will not work)
- 3/4" – 1" hose (to keep nostrils open in a snake bite)
- Equine rectal thermometer
- Sanitary napkins (to stop bleeding)
- Fly repellent

*\*These prescription medications should be obtained from your veterinarian, along with specific instructions on how and when to administer each.*

### NORMAL HORSE VITAL SIGNS

- **Temperature:** 99 – 101 F
- **Pulse:** 30 – 42 beats per minute
- **Respiration:** 12 – 20 breaths per minute
- **Capillary Refill (gums):** 2 seconds or less
- **Skin pinch test (hydration):** should snap back immediately
- **Mucous membranes of gums:** should be pink (not pale/white or blue/purple)

Learn the "normal" vital signs for each of your stock. Record the normal vital signs for each of your stock animals at rest and include this list in each first aid kit. Learn how to take your horse's vital signs.

### IF AN EQUINE EMERGENCY OCCURS

- Stay calm and do not panic.
- Gather your animal's vital signs and other information to give to the vet.
- Call the veterinarian or send someone to seek help.
- Keep the horse as quiet and still as possible.
- Enlist help from others before evaluating or treating a sick or injured animal.
- Evaluate the location and severity of the illness or injury.

Prevention  
is not good luck,

*it's good management!*

## RENDEVOUS 2023

The 2023 rendezvous was held at California Ranch Company outside of Temecula. Rendezvous was March 23 thru 26. This was a great horse facility with plenty of space and nice arenas. Kristyn Harris provided a concert on Friday night that was well attended. Matt Sheridan was the clinician for the week-end and provided some great practical informaton. We also attended a very informative equine dentistry presentation.

The High Sierra unit was well represented by Danny Baumgardner and Bob Herrick who teamed up to take 1st place in pack odd loads. It was interesting to see the different pack teams take on the odd loads and how they put them together. All seemed to have worked just fine.

As usual there were great vendors with unique items and lots to choose from. BLM had corrals with mustangs and burros of all colors. Many found new homes. Trail Trials had a great showing. It is always fun to see the great ostacles to try out with your horse or mule. Dutch oven cooking was wonderful. The smells and taste of campfire cooking is always something to enjoy.

The next Rendezvous is already in the works. Be sure and put it on your calendar and plan to attend.

# CANCELLED DESERT RIDE

By: Jim Laber

Photos by: Doug & Jim Laber

*Starlight Ranch House*

Well, that went south real fast. Everyone knows the desert ride was scheduled and cancelled twice for weather. The second date was from March 31 through April 2nd and of course it looked like Hwy 58 and Tehachapi were going to get slammed with snow just like a week prior. Well Doug and I had had enough with the weather and no riding, so we went anyways by ourselves. The trip there on Thursday was clear and uneventful. We enjoyed 2 days with no wind and even rode out to the to the petroglyphs that we had hoped to take all that signed up. Sunday very early in the morning the house began to make noises as the wind was coming up and into the 20-30mph range. By the time we woke it was blowing around all that was not nailed down. We packed up and left with 2 rides in the memory banks. There are more pictures on our unit facebook page of the area and the petroglyphs. Weather permitting and we don't get another heat wave we hope to go out the weekend of the 19-21 of May. If you would like to join us, please RSVP to my cell at 559-250-7906. The flower bloom on the desert floor was just getting started last time and hope to see a spectacular bloom.

## **Objectives & Purpose of the Backcountry Horseman of California**

*From the BCHC Bylaws*

- To improve and promote the use, care and development of California backcountry trails, campsites, streams and meadows; to advocate good trail manners.
- To promote the conservation and utilization of our backcountry resources in concert with livestock transportation.
- To keep the backcountry trails and forage areas open to horseman on all public lands.
- To keep current information before the Corporation membership and its local Units regarding new legis-lation or management plans related to government regulations of the backcountry.
- To support or oppose new proposals, plans and restrictions as related to the interest of horsemen and those persons interested in recreational stock use and enjoying the backcountry.
- To promote the interest of people who, due to health or physical factors, need transportation other than by foot on backcountry trails.
- To promote public awareness and interest in the historical aspect of horsemen and stock in the back-country and to help educate backcountry users on the ways to use the trail and foraged in a manner that conserves the backcountry resources.
- To assist in keeping the public informed of the vital need for a clean backcountry.
- To promote a working relationship with and keep the work and interests of the Corporation before our local, state and federal officials.
- To assist in the formation and continuation of local Units to carry out these purposes.
